

# Cleaning and Thinning Products

VMS have a wide range of cleaning and thinning products that work with all the commonly used hobby paints, whether that's water based acrylic, lacquer or enamel.

## **Pro Airbrush Cleaner (Code TC01S) 200ml bottle**

Low odour, water based for cleaning airbrushes and surfaces. Works with all brands of **water based acrylic paint**. Cost effective, can be thinned with tap water 1:1. Works on fresh and old/dried paint. Suitable for use with Mr Hobby Aqueous (H) Vallejo, Tamiya X / XF etc...

**NOT** suitable for use with lacquer paint, Mr Color (C) Tamiya lacquer and enamel paints.

## **Airbrush Cleaner (Code TC01C)**

Same as TC01S but concentrate.

## **Pro Airbrush Cleaner (Code TC02) 200ml bottle**

Non-flammable, low odour cleaner for **enamel and solvent based paint**, use with airbrush, paint brushes and surfaces. Works on fresh and old / dried paint. Suitable for use with lacquer paint, Mr Color (C) Tamiya Lacquer paint etc...

**Not** compatible with water based acrylic paint.

## **Clean Slate Remover (Code TC03) 200ml bottle**

2.0 Highly effective, plastic friendly acrylic paint remover, won't damage plastic even after prolonged contact. Can be used in ultra sonic cleaner.

## **Clean Slate Remover Ultra (Code TC06) 200ml bottle**

3.0 Highly effective, plastic friendly paint remover, won't damage plastic even after prolonged contact. Works on acrylic, enamel and lacquer paints. Can be used in ultra sonic cleaner.

## **Airbrush Cleaner Standard Acrylic (Code TC05A) 200ml bottle**

Cost effective, low odour, water based airbrush cleaner.

## **Airbrush Cleaner Standard Enamel (Code TC05E)**

Cost effective, low odour, airbrush cleaner for use with enamel / lacquer paint.
